

Showcase your company's expertise at the *Philippines International Eco-Show* through UK Trade & Investment (UKTI) and the British Embassy Manila

Philippines International Eco-Show (PINES)
26 - 28 August 2010
SMX Convention Centre
Pasay City, Philippines

The event, organised by the Centre for International Trade Expositions and Missions (CITEM), will feature an exhibition and conference showcasing a diverse range of sustainable products, technologies and services. Sectors to be promoted include: *Engineering, Construction, Architecture and Design, Electronics, Machinery, Renewable Energy, Health and Wellness, Eco-Tourism and Waste Management.*

Key industry players such as urban planners, property developers, architects, designers, equipment manufacturers, service providers, importers, distributors, agents and industry associations, are expected to attend.

More event details can be found on the website at <http://www.pines.com.ph/>.

To explore business opportunities for your company at PINES, avail of the following UKTI services:

Service level A (GBP 250) - representation of your brand by a commercial officer at the booth of the UKTI - British Embassy Manila, display of marketing materials, and a list of any interested contacts from the event

Service level B (GBP 1000) - inclusions of Level A, plus tailored market research to identify potential agents, distributors, or clients for your company's products and services.

We desire to provide you with relevant and personalised support based on your company's specific objectives. To discuss how UKTI can best support you, contact:
